

Rock-steady views wherever you move,
whenever you watch

The gyro-stabilized Stabiscopes Day+Night from Fujinon. A pure view, round the clock and in face of movement and vibration. Used by

- ▶ Air Forces
- ▶ Navy and police
- ▶ Search and rescue

Fujinon. To see more is to know more.

The gyro-stabilized Stabiscopes Day+Night in detail

- ▶ Gyroscopic image stabilization with unsurpassed vibration suppression on moving vehicles and helicopters
- ▶ High-resolution Day and Night binocular with interchangeable oculars
- ▶ Maximum stabilization range of $\pm 5^\circ$ in all directions
- ▶ Low-consumption power supply either via batteries or external DC regulator
- ▶ Extremely tough body to protect against impacts and scratching
- ▶ Ideal for hand-held use even with gloves on
